I am also experiencing this issue. For me the issue only happens when a user logs in and out without closing all browsers.

I would also like this feature implemented. In addition I think it would be good to   ↑ Upvote
add the ability to group applicants. For example for a particular position.

21:38 18/11/19 Username 2

I agree - please get this feature implemented! This would cut our processing time
in half!

Subscribe:

By subscribing to a yearly payment of £54.99 you gain access to our 'Features' module. Here you can request new features to be added to Unicorn Attractor. In addition, you are able to upvote existing requests to bump them up the queue. In return the Unicorn Attractor team promises to spend 50% of their time working on the most popular feature request.
